#### **SuperClear® technology**

SuperClear screen technology incorporates enhanced phosphor treatment and optimized glass filter to deliver vivid colors and image clarity.

#### **OnView® controls including ViewMatch® feature**

Image adjustments are made via the OnView menu using simple on-screen controls. ViewMatch allows easy adjustment to color temperature and intensity for optimal screen-to-print color matching.

#### **USB hub-compatible base**

Base design allows easy integration of the optional ViewSonic USB (Universal Serial Bus) hub for convenient USB peripheral connection.

#### **ARAG® screen treatment**

This specially formulated anti-reflection, anti-glare screen treatment uses a multi-layer process to eliminate reflection while maintaining the highest image quality.

#### **TCO'99 and ENERGY STAR® certified**

#### **Plug & Play +**

Fully supports the Microsoft® Windows® auto-installation standard for easy, trouble-free configuration and set-up.

#### **ViewSonic Wizard**

This software provides user-friendly installation.

#### **PC and Mac® compatible**

**Warranty – 30 days**
